month. All classes of buyers bought in a large way in the lecal market, which, bowers, was led much of the time by New Orleans, where May cutton was selling at .34, while 8.31 was the price here. New Orleans buying orders were a large factor in the activity here. The advance in prices was in the face of unsettled Wall street parties, who held cotton and wished to realize in order to take care of their security interests. But for this phase of the altuation the silvance in the local market would have been greater, as the buying was very heavy throughout the session. Total sales estimated at 500,000 bales and the market was finally firmer at a net advance of 3 to 17 points.

H. & B. Beer's Letter. (Special to The Post.)

New Orleans, December 11.-Liverpool ad vices were invarable, consequently our market opened I point higher and improved There is a good demand for all kinds to points additional on fresh buying, owing with English walnuts, almonds, Brazil nuts and pecaus. Of the last there is a large supply of the Texas stock, parties ton, coupled to the firmness of spots.

Near the close realising occasioned a

Near the close realizing occasioned r

Near the close realising occasioned a slight decline, making the net gain 9 to 11 minute on the day.

The amount to be brought into sight for the week points to about 80,000 less than last year, therefore the indications are for a builtsh visible supply statement.

The interior town receipts will be very light, and in fact all weekly statistics will be builtsh. The receipts, though, are absurdly small and are no indication of the size of the crop. The movement has been so slow that tomorrow we shall have in sight about 5.73,000 hales, or 147,000 less than was reported by the census as being picked and gluned on October 18, nearly two months age.

we months ago.

While these facts will cause operators to do some thinking to calmer moments, for the time being they are lost sight of, as it is expected European traders may get frightened by the decreased amount being marketed.

As values enhance the more bullish does sentiment become, consequently the probabilities are that prices will be maintained and governed by the receipts and the demand for spats.

H. & B. Beer.

HICE FARM AND RANCH FOR SALE—A fine tract of land 2½ miles west of the town of Altair, in Colorado county, Texas, on the S. A. & A. P. railway, consisting of 3211 acres, a part of which is sandy and a part rich dark loam. About 2800 acres is a particularly fine tract of rice land, as a subsoil of clay underlies same at a depth of six to ten inches. About 1200 acres of timber affords protection for cattle in winter and shade in summer. Skull creek runs through the land for a distance of about five miles, furnishing an abundant supply of water. All of the land is under a good four-wire fence, except about 1500 acres, which lies north of the railread track. There are two houses, one of four and the other of three rooms, good rice bern, stables, and other necessary buildings and improvements; about 300 acres in rice field, with good canal one mile long. The machinery consists of one forty-horse power engine, one sixtuch Van Wie pump and one new ten-inch double-suction Morris pump. The owners of this property are not farmers and can not give it the required attention and have instructed me to sell the same at 810 per acre. Will make easy terms. A. E. Bush. Dealer in Texas Lands, Gaiveaten, Texas. ten, Texas.

HOUSTON HEIGHTS OFFICE, No. 220 Main street. We handle Heights prop-ertygonly, lewest prices; casp terms, John A. Milroy, agent.
